

Hannah More Primary School Newsletter

13th May 2022

Hello everyone

The main event for this week was the Year 6 SATs, we were impressed with the hard-work and determination shown by the Year 6 children during these tests—they are the first Year 6 cohort to take SATs for 3 years! They enjoyed a trip to Felix Road Playground as a special treat for all their hard work!

Year 2 also had assessments this week and will finish them next week. Year 3 have been busy practising on stage this week ready for their performance at the end of term.

A group of children and parents had a great session on Thursday afternoon, learning about Bristolian heroines with the Elizabeth Blackwell Institute for Health Research and Show of Strength Theatre Company.

Next week Year 5 classes will be going to IntoUniversity and Year 4 will be visiting Belmont Estate Farm.

The next Family Swim is happening on 21st May and tickets will be on sale on Monday after school.

Sports Day is coming up at the end of the term— 24th May in school and 25th May at the City Academy track at Whitehall.

We will have activities on the last week of term to celebrate and learn about the Queen's Platinum Jubilee! We will include more details in the newsletter next week.

Have a restful weekend,

Sue Ramsay, Head Teacher.

SUPERKIDS!

Lavender:

Renico

Reception:

Muhammad M

Year 1:

Junaid

Year 2:

Amira and Sarina

Year 3:

Juelz

Year 4:

Kiki and Brayden

Year 5:

Khadija and Dami

Year 6:

Sacdiyo and Avishae

As mathematicians this week we continued exploring the world of measuring using centimetres and metres and compared measurements using inequality symbols. In English we read the story 'The Gingerbread Man' and practised our comprehension skills. **At home please read with your child as much as possible and have fun together!**

Reception

Reception drew some lovely pictures of the characters and setting in our story 'The Little Red Hen' this week. As mathematicians we learnt all about 12 and 13 and that they are made up of $10 + 2$ and $10 + 3$. We are excited about our chicks hatching next week! **At home watch numberblocks episodes 12 and 13 together and discuss — www.bbc.co.uk/iplayer/episode/m0002674/numberblocks-series-3-twelve. Please bring bookbags in every day. Story books are changed on Wednesday, homework on Thursday and reading books on Friday.**

This week we wrote setting descriptions for our book 'The Night Gardener'. **Year 1** In maths we practised counting in 2s, 5s and 10s. As scientists we enjoyed exploring parts of trees and flowers. We also enjoyed being geographers and learnt about the different countries in the UK. **At home please read with your child every day and ask questions about what they have read. Practise counting in 2s, 5s and 10s.**

Year 2 The Year 2 teachers are so unbelievably impressed with the hard work Year 2 put into their exams! In the afternoons we were scientists, exploring microhabitats and studying polar bears and octopuses. **Please read with your child 5 times a week. Use Bug Club—ask your teacher if you have forgotten your login. Practise your 2, 5 and 10 times table including doing them out of order.**

We continued telling the time and enjoyed writing character descriptions using adjectives and powerful verbs. We were busy practising our class performance on stage and learning our lines. **Please read with your child every day and ask questions about what they have read. Practise telling the time. Learn your lines for the performance and think about your costume.**

Year 4 As mathematicians we are now studying money. This week we counted, compared and ordered amounts of money. As authors we wrote diary entries in role as Lina from 'The City of Ember'. As scientists and engineers we explored and planned our own electrical game. **At home make sure your child reads for 15 minutes a day and practises their multiplication tables daily.**

This week the Year 5s were busy advertising a wonderful holiday to Mozambique which we will give you an opportunity to come and watch at the end of term! We continued working with decimals and even wrote a Trip Advisor review of Narnia! **At home please make sure your child reads for 15 minutes a day and practises their multiplication tables daily.**

Year 6 made us so proud this week with how determined they were to do their best in the SATs test. They engaged really well with the revision lessons and enjoyed making clay monsters and doing a science experiment—even though it didn't go to plan. **Please have a lovely, well deserved rest this weekend.**

Mums' Fitness

Started again on Monday 9 May. The fun, friendly sessions are free and available for women at all levels of fitness! **Every Monday from 9am-10am**

We will be taking part in The Big Plastic Count from Friday 20 May.

Keep an eye out for a letter being sent home next week with more information about how you and your family can get involved!

THE BIG PLASTIC COUNT

Family Swims! Saturdays 6 -7pm

Come and enjoy a swim at Easton pool for only £1 per person!

May 21

June 11

July 16

Coffee morning with

SOMALI KITCHEN

Every Wednesday 9:30-11:00

At Felix Road Adventure Playground

Felix Road Easton, Bristol, BS5 0JW

Come and meet other parents, get information and hear about events, courses and opportunities available to your family. Activities for toddlers, parental courses and much more **ALL WELCOME!**

I need a safe space for my children to play & learn.

Is play important to small children?

I would like to meet other parents and talk about my worries and hopes.
