

Hannah More Primary School Newsletter

29th April 2022

Hello everyone

It was great to see everyone back this week for Term 5, we hope you enjoyed the Easter holidays. Term 5 is a short but busy term, it started this week with a visit from Explorer Dome for the Year 5 classes, a trip to The Wardrobe Theatre for Year 3 and a steel drums workshop for Year 4. Year 6 have been busy working hard for their upcoming SATs, taking place in week 3.

Next week we will be closed on Monday for Bank Holiday and Thursday for Polling Day.

Year 1 are off to Westonbirt Arboretum on Wednesday and we will have Eid Celebrations in school on Friday. Classes will be having Eid parties, teachers will talk to the children and parents about their plans and about bringing food.

Sports Clubs will start next week for clubs on Tuesday and Wednesday and the following week we will have a full week of clubs—you will receive a text to let you know if your child has a space.

Mums' Fitness will be back on Monday 9 May, take a look at the newsletter for some clubs running locally too.

We know many of you will be celebrating over the long weekend, we wish you a wonderful, peaceful Eid.

Have a restful weekend,

Sue Ramsay, Headteacher.

Riyan and Siham

What a fantastic start to the term! As mathematicians we learnt about measuring using a ruler, and how we can use centimetres or metres to measure different items. In English we answered WH questions. If you have a ruler at home, try measuring different household items. Ask your child if they can estimate how big something is. Do they think they would measure using centimetres or metres? Please read with your child as much as possible.

LAVENDER

Reception

Reception were very excited by our delivery of egg! Farmer Claire brought the eggs and an incubator to keep the eggs warm until they hatch. She told us all about how they develop in the egg and how to look after them. We started our new story 'The Little Red Hen'. At home please keep reading and practice your phase 3 sounds on the sound card.

Year 1 made a great start to the term and loved all the practical activities this week! We made owl topiaries to introduce us to our new book 'The Night Gardener' and wrote some fantastic instructions explaining how to make them for others! We explored money as mathematicians. We also started our new enquiry 'How do our surroundings change?' and enjoyed being geographers and scientists this week! At home please read with your child 5 times a week. Practise counting in 2s, 5s and 10s. Take your child to the shop with you and let them help you pay. This will help them recognise different coins and notes to consolidate their learning from this week!

Year 1

Year 2 We had a brilliant start back to school in Year 2 this week. The children loved exploring their new book 'One Day on our Blue Planet—The Savannah'. They wrote a diary entry as a lion and acted out a day in the life of a giraffe. They began to study length in maths. Please read with your child 5 times a week. Use Bug Club—ask your teacher if you have forgotten your login. Practise your 2, 5 and 10 times table including doing them out of order.

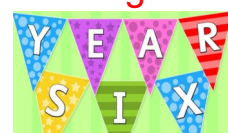

This week Year 3 began reading their new book 'Oliver and the Seawigs'. They made some fantastic predictions about who the characters are and what they think will happen. As mathematicians they took on the challenge of telling the time. The children made a fantastic start in learning the songs for our performance 'Alex in Wonderland'. Please encourage your child to read as often as possible and practise times tables. Practise reading different clock times and lines/songs for our performance.

Year 3

Year 4 As mathematicians we learnt to make whole numbers using decimal parts. As authors we explored our new class text 'The City of Ember' and wrote some of the graphic imagery up as a narrative. We also began our new enquiry and explored how electricity is generated and reaches home and offices. At home practise our final set of multiplication facts—the 12 times table!

Welcome back Year 5! We are super excited for Term 5 and kicking it off with an exciting visit from the Explorer Dome. We also started our new book 'The Lion, The Witch and The Wardrobe' and are loving exploring Narnia! At home please help your child with their spellings.

Year 5

We are incredibly proud of Year 6 this week as we worked them very hard and they managed brilliantly. We revised grammar and maths objectives and went through past reading papers in preparation for SATs. At home please help your child with their revision booklet.

Coffee morning with

SOMALI KITCHEN

Every Wednesday 9:30-11:00

At Felix Road Adventure Playground

Felix Road Easton, Bristol, BS5 0JW

Come and meet other parents, get information and hear about events, courses and opportunities available to your family. Activities for toddlers, parental courses and much more **ALL WELCOME!**

I need a safe space for my children to play & learn.

Is play important to small children?

I would like to meet other parents and talk about my worries and hopes.
